6.

Metode poučevanja in učenja:

Lectures; seminars; workshops; student presentations. The students can gain the required credits with attendance at the lectures or with the participation at the seminars which are dealing with the above mentioned area. Students will be supervised during their self study hours. Since it is an international study programme, some classes will be delivered electronically (videoconferences, teleconferences, DVD, chat etc.).

7.

Assessment methods:

The students will be required to show full knowledge of the required literature with emphasis on their own research topic. The assessment methods will include:

- Assessment of the individual research work related to the module;
- Writing of a subject related seminar paper;
- Student's presentations of the paper.

Instead of the above mentioned assessment methods the student can ask to be assessed with oral or written exam.

Seminar papers, projects, research work are graded according to the following grading scale:

- 10 – excellent: outstanding performance with only minor errors
- 9 – very good: above the average standard but with some errors
- 8 – good: generally sound work with a number of notable errors
- 7 – satisfactory: fair but with significant shortcomings
- 6 – sufficient: performance meets the minimum criteria
- 1-5 – fail: performance does not meet the minimum criteria

At the end of the module the student will gain 5 credits. Alternatively, the student can choose to gain 5 credits with the publication of a scientific paper in the area of labour, work and reproduction as a result of the research work.
